

Notice of Public Comment Period

Planned Issuance of a Renewed Clean Air Act Permit Program Permit

Facility Information Mounds Production Company, LLC 700 Industrial Park Road Mounds, Illinois 62964	Comment Period Begin Date October 14, 2026 Comment Period End Date November 13, 2026	Available Documents https://epa.illinois.gov/public-notices/boa-notices.html For More Information Sarah Brubaker (217) 786-0790 TDD phone number (866) 273-5488 sarah.brubaker@illinois.gov
--	---	--

Mounds Production Company, LLC has requested that the Illinois Environmental Protection Agency (Illinois EPA) renew the Clean Air Act Permit Program (CAAPP) permit regulating air emissions from its facility located at 700 Industrial Park Road in Mounds. The source produces dry clay products from fuller's earth (clay). Based on its review of the application, the Illinois EPA has made a preliminary determination that the application meets the standards for issuance and has prepared a draft permit for public review.

The Illinois EPA is accepting written public comments on the draft permit. After consideration of any comments received, the Illinois EPA will make a final decision on the permit.

Public Comment Period

Written comments must be received by 11:59 PM on November 13, 2026. If a significant degree of public interest is expressed in the draft permit, a public hearing or other information meeting may be held.

Written comments should be submitted to:

Sarah Brubaker, Office of Community Relations #5
Illinois Environmental Protection Agency
2520 West Iles Avenue, P.O. Box 19276
Springfield, Illinois 62794-9276
sarah.brubaker@illinois.gov

Additional guidance on submitting a comment is available at:

<https://epa.illinois.gov/topics/community-relations/public-notices/public-comment.html>

Copies of the draft permit and other documents are available by visiting <https://epa.illinois.gov/public-notices/boa-notices.html>. Draft permit documents are also available for inspection at the Illinois EPA's offices at 2309 W. Main Street in Marion, (618) 993-7200 and 2520 W. Iles Ave. in Springfield, (217) 786-0790 (please call ahead to assure that someone will be available to assist you). Copies of the documents will be made available upon request.

The facility is located in an area of Environmental Justice concern. More information concerning Environmental Justice may be found at <https://epa.illinois.gov/topics/environmental-justice.html>.

The CAAPP is Illinois' operating permit program for major sources of emissions, as required by Title V of the Clean Air Act (CAA). The conditions of CAAPP permits are enforceable by the public, as well as by the USEPA and Illinois EPA. In addition to implementing Title V of the CAA, CAAPP permits may contain "Title I Conditions," i.e., conditions established under the permit programs for new and modified emission units, pursuant to Title I of the CAA. The permit contains no T1 conditions that are being newly established or revised by this permitting action.

The beginning of this public comment period also serves as the beginning date of the U.S. EPA 45-day review period, provided the U.S. EPA does not seek a separate proposed period.
